

Together
for Peak Performance

Completing the picture

**Our contact wires
have endurance.**

The long life and stability of contact wires from **nkt cables** are demonstrated everyday on railway lines worldwide. Our customers profit from less maintenance expense and longer operating life.

**Our railway products
work hand-in-hand.**

**Our systems for railways
– from contact wires to signaling cables,
from jointing technology to cabinets –
are adapted to each other and so work with
the greatest reliability and efficiency.**

Safe and faster to the destination.

Contact wires from **nkt cables** set world records for speed. In daily use, they ensure short travel times in modern railway traffic.

We master large projects.
Worldwide.

Whether on the first very high-speed lines in Europe or also in China or on the world-record line in France: **nkt cables** is exactly the right partner for path-breaking projects.

With experience, together for success.

Fundamental experience is needed to successfully coordinate all resources. That's why we can develop, with our customers, efficient and future-appropriate solutions for the railway, tailored individually and precisely to the applicable requirements.
